CAREER OBJECTIVE

To apply my knowledge and skills in Electronics and Communication Engineering to secure a challenging role in a dynamic organization. I aim to contribute to innovative projects, keep learning, and grow in a field that pushes the boundaries of technology.

EDUCATION

NAVODAYA INSTITUTE OF TECHNOLOGY - Raichur, KA - **2022-2026**

- *B.E – Electronics and Communication Engineering* - ***8.2 CGPA***

MORAJI DESAI PU SCIENCE COLLEGE - Raichur, KA - **2020 - 2022**

- *PCMB – **76%***

SRI GNANA GANGA HIGH SCHOOL - Raichur, KA - **2020**

- *SSLC – **82.6%***

PROJECTS

SMART GLASSES FOR VISUALLY IMPAIRED INDIVIDUALS

- Developed **AI-powered smart glasses** using the **XIAO ESP32-S3 Sense** microcontroller with built-in camera, speaker, and microphone, powered by a compact battery setup
- Implemented **real-time object detection**, **text recognition**, and **text-to-speech** functionality to assist visually impaired users with navigation and daily tasks
- Integrated features like **obstacle detection**, and **voice-command interaction** to enhance user independence and accessibility

IOT BASED WIRELESS CHARGING STATION

- Demonstrated wireless power transfer.
- Real-time monitoring and control via IoT.
- Promoted a **contactless, user-friendly**, and **smart energy solution**

SKILLS

- **Languages:** Verilog, C, Python (learning), Matlab
- **Tools:** Arduino IDE, Xilinx
- **Other:** IoT, Digital Commmunication

ACHIEVEMENTS & EXTRA-CURRICULAR ACTIVITIES

- **2nd Prize** – Robo Race at TECHSIUM, HKBK College of Engineering, Bengaluru
- Participated in **Buildathon** at Advitiya-24, KLE Institute of Technology, Hubballi
- Attended a **2-day Workshop on Applied AI** at Shetty Institute of Technology, Kalaburagi
- Core Member of **Robotics Club, NIT**

SOFT SKILLS

Problem-solving

HOBBIES

Dancing

SOFT SKILLS

Team collaboration

Adaptability and quick learning

Communication skills

HOBBIES

Drawing/Sketching
